NAGYPÁTI ESZTER

LEAD VOCAL

ABOUT ESZTER

My musical journey began during my school years when I was an active member of the school choir and won several regional singing competitions. Later, I started learning to play the guitar, which enabled me to accompany myself during performances. Over the years, I have been the lead vocalist in various bands and have also been involved in songwriting.

I began my career performing in a duo with Alex Torres, singing as a guest vocalist in bars around downtown Budapest. Later, I co-founded the Acoustic Flow duo with Károly Vojczek. Together, we achieved several successes, including winning first place at the 2025 Győr Beer and Art Festival as performing musicians.

I also appeared on TV2's "Mutasd a hangod" (the Hungarian version of the international show "I Can See Your Voice"). One of my proudest moments was being invited to perform the Felvidék Anthem on the 100th anniversary of the Trianon Treaty. The recording is still available on YouTube and is regularly played at commemorative events in Felvidék (southern Slovakia).

For me, singing is not just a hobby – it is what brings me true happiness, and what I wholeheartedly wish to pursue as a profession.

THE GREATEST FULFILLMENT COMES FROM BEING ABLE TO CONNECT WITH PEOPLE THROUGH MUSIC.

VOJCZEK KÁROLY

GUITAR / BACKING VOCAL

ABOUT KÁROLY

I began learning guitar in a self-taught manner during my final years of high school. Later, I was accepted into the MZTSZ Kőbánya Music Studio in Budapest, where I successfully completed my studies in guitar. Over the years, I played in several bands and worked as a session guitarist until the COVID period. It was then that I met Eszter Nagypáti, with whom I co-founded the Acoustic Flow duo.

While working with Acoustic Flow, I began to explore the world of audio production independently. I learned to operate studio equipment through hands-on experience, and to this day, I personally record and produce our songs and other musical material.

One of my most meaningful projects was producing a tribute song for a well-known Hungarian singer, titled "Zuhanás az ég felé", with lyrics written by Sándor Csiga – a highly respected figure whose work is associated with many iconic Hungarian songs.

With countless live performances behind me, I have developed a strong stage routine and the ability to quickly adapt to any technical or musical challenge during a show.

MUSIC IS THE ONE CONSTANT IN MY LIFE THAT HAS NEVER FAILED ME, AND IT IS SOMETHING I AM TRULY PASSIONATE ABOUT DOING FOR THE REST OF MY LIFE.
